***Election/Restrictions***

1. Applicant's election with traverse of the restriction requirement in the reply filed on 21 October 2004 is acknowledged. The traversal is on the ground(s) that a search of both inventions would be coextensive and thus would not present a serious burden on the examiner. This is not found persuasive because while the search may be coextensive, searching through thousands of patents for two patentably distinct inventions, and the subsequent patentability determination thereof, would indeed present a serious burden on the examiner.

The requirement is still deemed proper and is therefore made FINAL.

**EXAMINER'S AMENDMENT**

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with James Otterlee on 27 December 2004.

The application has been amended as follows:  
Non-elected claims 15-20 have been cancelled.

### **REASONS FOR ALLOWANCE**

3. The following is an examiner's statement of reasons for allowance: The main reason for the allowance of claims 1 and 8 is that the prior art fails to disclose a fuel tank having forward and rearward ends, an inner surface defining a fuel chamber, and an outer surface, the fuel chamber having a first side and a second side, the first and second sides being separated by a tank tunnel portion in combination with a mounting bracket coupled to the outer surface and extending along the tunnel portion, the mounting bracket including a forward mounting portion near the forward end of the fuel tank, and a rearward mounting portion near the rearward end of the fuel tank..

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
